JAPANESE ADVANCING

CONTINUE OPERATIONS AGAINST THE RUSSIAN ARMY WITH GREAT ENERGY.

MAIN FORCE IS RETREATING

RUSSIAN ARMY RETIRES WITH THE CAVALRY HOLDING JAPS IN CHECK.

London, Aug. 5.—A dispatch to a news agency from Anshanshan, half way between Haicheng and Liaoyang, says:

"The Japanese advance is being continued with great energy against the Southern army. The Russian main forces continue their retirement northward, but the cavalry has checked the Japanese threatening flank movement."

St. Petersburg, Aug. 5.—A rumor is current that a battle is in progress north of Haicheng.

BIG BATTLE IMPENDS

RUSSIANS AND JAPS ABOUT TO CLASH IN GREATEST FIGHT OF THE WAR.

Newchwang, Aug. 5.—The greatest battle of the war is now impending. The two huge armies of Japanese and Russians are facing each other and are in touch for miles upon miles, with the center of operations at Anshanshan. The Japanese supply trains are filling the roads to the front. Japanese troops, crowded with reinforcements, are in the outer bay here ready to land.

General Kuroki, with the flower of the army, 100,000 in number, has flanked the Russians and is now behind them. General Nodzu, with his army of 50,000, is on the Russian left in complete control of that flank, while on the Russian front is General Oku, with his army of 50,000 men. The battle at Anshanshan promises to be one of the greatest of modern times. General Kuroki's only hope is a move westward or surrender.

ZASSALITCH REPORTS

RUSSIAN GENERAL TELLS HOW HE LOST A THOUSAND MEN AND SIX GUNS.

St. Petersburg, Aug. 5.—The emperor has received a dispatch from Lieutenant General Zassalitch, dated Aug. 3, transmitting the following report from Lieutenant General Zassalitch:

"In the fighting of July 31 the operations were not decisive. The action of the Japanese on our east front on July 30 convinced me that they were making an attack with their main forces on the south front near Outouchoung (Simoucheng) toward Dapoutza and Pyhailauntoun.

"From dawn of July 31 we heard cannonading on our right flank which obliged me to hurry down to the south front, where, at first from a battery and later from a range of hills, I directed the course of the fight.

"The battle began under the most favorable auspices for us. The first report I received was from Lieutenant Colonel Solomky, who informed me that he was tenaciously holding his position, although he had many wounded. I ordered at first two companies and then a battalion to reinforce him, although he did not ask for support.

"Simultaneously with the attack on the heights, the center of our position, the Japanese directed an attack against Major General Mischenko's detachment and our right flank.

Silenced the Jap Guns.

"The beginning of the fighting showed the superiority of our artillery over that of the Japanese. Not only did our batteries silence the Japanese guns previously in position and absolutely prevent them leaving their positions, but the batteries sustained no loss and were able to develop their fire at their leisure.

"At 10 o'clock I received the following note from Lieutenant Colonel Solomky:

"The Japanese turning movement has been stopped, the enemy sustaining enormous losses. We have many wounded. Captain Golitsinsky was killed. The wounded include two officers and a surgeon. I am making a firm stand."

"Simultaneously with the receipt of this report our detachment evacuated three crests of the mountain range. Solomky had too strong a force to cope with and was obliged to give ground somewhat. He continued, however, to hold his position.

"After reinforcing Solomky with two battalions and afterward with two and three-quarters battalions, I sent Colonel Lepovatz to take command of all troops engaged in that position.

"The fusillade continued on our right flank without becoming threat-

ening. Our artillery continued to crush the enemy's artillery with its fire, although the Japanese had brought mountain and field guns into action.

"At 3:40 p. m. I received a report that a regiment posted at the extreme right flank had retired from its position in the mountains, having had its flank turned. Six disabled guns were abandoned. Two officers were killed and two wounded, and the commander of a battery was injured.

"Before this had happened the Japanese had placed two more batteries on the left of those which had previously taken up their position there and with their batteries on the extreme left they began to bombard our battery as well as to enfilade the right flank of our formation. This was the cause of the destruction of our battery, and the serious loss of troops on our right flank.

Battery Completely Shattered.

"The battery was completely shattered, but at the beginning of the action we succeeded in saving four guns, while four others were left on the field completely disabled. Of these, however, two had to be spiked and abandoned, owing to lack of horses.

"With the view of distracting the attention of the Japanese from our right flank, I directed Colonel Lepovatz at 5 o'clock, to order the soldiers to take off their equipment and assume the offensive.

"To support this offensive movement I ordered our batteries to open a hot fire on the ridges held by the Japanese. The fire of our guns which had previously bombarded this point, was murderous, and the Japanese again sustained many killed or wounded.

"Our attack in open order astonished all beholders. Our men in this formation advanced swiftly across the principal mountain range, rushing on both sides with fixed bayonets on the Japanese, who were unable to sustain the shock and quickly evacuated the three crests they had occupied. I am informed by Major Lordkipanitze that those who remained were bayoneted.

"After this brilliant affair I ordered Colonel Lepovatz to stop and push no further.

"At 7 o'clock I received an order to retire in the direction of Haicheng.

"Our losses on July 30 and July 31 have been up to the present estimated at 29 officers and slightly over 1,000 men killed or wounded."

SILENCE IS OMINOUS.

Kuropatkin Fails to Mention Two Generals in His Reports.

St. Petersburg, Aug. 5.—The fact that General Kuropatkin's recent dispatches have not mentioned General Stakelberg or General Zouraboff leads to the supposition here that their forces to the south had had their communications cut by General Nodzu's army.

PORT ARTHUR FIGHT

JAP LOSS NOW ESTIMATED AT ABOUT SEVENTEEN THOUSAND MEN.

Chefoo, Aug. 5.—S. A. Serebrink,

who was a passenger on the British steamer Hipsang, which was sunk by a Russian torpedo boat in Pigeon bay July 16 and who was among the refugees who arrived here Thursday on the German steamer Sulbery, was interviewed Friday. According to his version the fighting before Port Arthur from July 26 to 28 inclusive was directed against the last of the outer defenses, namely Wolfs, Green and Christ hills, situated north and east of the city. The Japanese captured Wolfs and Green hills, but failed to take Christ hill, which was the only outpost held by the Russians when Mr. Serebrink left Port Arthur. A Port Arthur newspaper estimated the Russian loss at 200 killed and 800 wounded, the Japanese loss at 17,000 killed and wounded.

It was also estimated that the Japanese fired 125,000 rounds of shrapnel. The ground was covered with broken shells. The Japanese attacking force was estimated at 180,000 men. On the night of July 23 a truce was declared for the purpose of burying the dead, which strewed the hills.

Jap Gunboat Damaged by Mine.

The Russian fleet emerged from the harbor July 26 and engaged Admiral Togo, who withdrew to safety beyond his mines. A Japanese gunboat struck a mine and was damaged, but not sufficiently to sink her. She was towed away. The Russian warships then retired, one squadron going to the inner basin, the other behind the Tiger's Tail. None of them was injured.

The main force of the Russian army defending Port Arthur is now inside the numerous permanent forts which constitute the fortress. They have 2,000 guns sweeping the plain over which the Japanese must cross. An assault is expected Aug. 15.

There was a general confidence prevailing that the fortress is invulnerable, although the courage of the Japanese is described as reckless to an extreme. The Japanese are now mounting heavy guns on the positions captured July 28.

It is alleged that the Russian battleship Retvizan threw a 12-inch shell which hit a Japanese gun which was being mounted on Wolf's hill, killing many.

Mr. Serebrink says he saw General Stoessel when leaving Port Arthur and that he had not been wounded as reported, but his dog had lost a leg.

The accounts of the Chinese refugees differ from that of Mr. Sere-

brink. They say that the Japanese are only two miles from the fortress.

TO CRUISE IN THE RED SEA.

Five More Russian Ships Will Leave the Black Sea.

London, Aug. 4.—The Brussels correspondent of the Daily Telegraph says he has been informed that five vessels of the Russian volunteer fleet will leave the Black sea next week for a cruise in the Red sea.

Steamer Service Suspended.

London, Aug. 5.—The shipping firm of Alfred Holt & Co. announces that owing to the uncertainty regarding what is lawful cargo, the weekly steamer service from London to Japan will be suspended until further notice.

Wound Proves Fatal.

Norfolk, Neb., Aug. 5.—Louis Altman, who was shot Tuesday by an officer while attempting to avoid arrest, died Thursday. Altman was alleged to have been connected with the lawlessness at Bonesteel during the Rosebud registration.

RIOTING SUPPRESSED

MINISTER POWELL SUCCEEDS IN HAVING ORDER RESTORED AT PORT AU PRINCE.

Port au Prince, Hayti, Aug. 5.—The city of Port au Prince is in a state of great disorder. Bands of soldiers throwing stones prevent the Syrians from reopening their stores. American citizens have hoisted the Stars and Stripes over their residences and a number of them have sought refuge in the American legation, driving there in carriages flying the American flag and pursued by the populace throwing stones.

After the disorders of the morning Mr. Powell, the American minister, went to the palace and demanded of President Nord that the government should take immediate action to stop the disorders, and to protect all foreigners and their property, demanding especially that American interests be protected.

The president sent for the minister of the interior and the military governor and ordered them to take immediate steps to stop the disorders and for this purpose to send troops and police to the disturbed districts.

President Nord assured Minister Powell that the lives and property of foreigners would be protected, and said he would see that their business did not suffer damage.

Minister Powell visited the disturbed districts, and personally saw that protection was given at the houses of the foreigners.

SOUTHERNERS VISIT PARKER.

Senator Bailey of Texas Among the Callers at Rosemount.

Esopus, N. Y., Aug. 5.—Almost all of Judge Parker's visitors Thursday were from south of Mason and Dixon's line. United States Senator Joseph W. Bailey of Texas was one of the first to arrive. He was accompanied by Mrs. Bailey and their son, and left Rosemount with expressions of the most cordial admiration for Judge Parker and of hopefulness as to the outcome of the campaign. Governor A. J. Montague of Virginia, National Committeeman H. D. Clayton, Colonel E. L. Russell, with his daughter, and H. Hatcher of Alabama constituted the remainder of the Southern delegation. Other visitors to Judge Parker were Charles R. Crane of Chicago and Alfred Henry Lewis, the well known writer.

Senator Bailey had little to say for publication. He seems to regard the coming campaign as crucial in three states, New York, Indiana and New Jersey.

IOWA MAN FOR PRESIDENT.

American Association of Opticians Elect Officers.

Milwaukee, Aug. 5.—The American Association of Opticians in convention in this city elected officers as follows: President, Harry P. Holmes, Des Moines, Ia.; vice president, H. K. Martin, Minneapolis; second vice president, Alva Snider, Beloit, Wis.; secretary, E. L. Jones, Sandusky, O.; treasurer, J. K. Stebbins, Ashtabula, O. Minneapolis was chosen as the next convention city.

During the convention, an international fraternity of optometrists was formed to cover the United States, Great Britain and Canada.

WILL OCCUR IN NEW YORK.

Notification of Populist Candidates for President and Vice President.

New York, Aug. 5.—The Populist national committee has decided to have the formal notification of their party candidates for president and vice president at Cooper Union, this city, Aug. 18.

Ames Will Run for Congress.

Minneapolis, Aug. 5.—Dr. A. A. Ames, formerly mayor of this city and who has been tried for complicity in the alleged municipal scandal of a few years ago, has filed as a Republican congressional candidate in this district.

Shaw Arranges for Conference.

Chicago, Aug. 5.—Secretary of the Treasury Shaw has arrived here to make arrangements for the entertainment of the guests of the international peace conference which will be held Sept. 6-7, probably in St. Louis or Washington.

NEGOTIATIONS ENDED

PACKERS SAY NO FURTHER CONFERENCES WILL BE HELD WITH STRIKERS.

PROGRESS IS SATISFACTORY

EMPLOYERS HAVE ENOUGH MEN NOW AT WORK TO FILL ALL THEIR CONTRACTS.

Chicago, Aug. 5.—In a statement given out Thursday night by the packers, the report that negotiations are in progress to bring about another conference between the packers and the labor leaders, is declared to be entirely unfounded. The packers assert that there is not the slightest possibility of further conferences with the strike leaders. According to this statement the progress being made at the plants is satisfactory to all the packers; more men are being employed daily; all contracts and current orders are being filled and there is a normal supply of beef, mutton and provisions at all plants in the United States, while sales are being made at lower prices than before the strike commenced. In a table accompanying the statement it is shown that the total number of men now at work at all plants is more than 29,000, distributed as follows:

Armour & Co., 9,115; Swift & Co., 8,625; Nelson Morris & Co., 3,648; National Packing Co., 4,105; Libby, McNeil & Libby, 821; Schwarzhild & Sulzberger company, 1,926; Cudahy & Co., 1,431. With this number of men at work the packers claim to have shipped a total of 831 carloads of fresh meats from all points Wednesday.

Beyond seeing that the order prohibiting the deliveries of ice to retailers, who have been hauling their meat from the stockyards themselves since the teamsters struck, the strikers Thursday did very little. Up to date the ice supply of 100 of these markets has been cut off.

CORTLEYOU IN WASHINGTON.

Republican Chairman Confers With President Roosevelt.

Washington, Aug. 5.—Republican National Chairman Cortleyou arrived here Thursday from the West, where he has been for a week. He came direct from Canton, O., where he stopped over for a brief time to visit Mrs. McKinley. Soon after his arrival he called on President Roosevelt and had an hour's conference with him. The conference related largely to details of the opening of the campaign headquarters in Chicago and the political situation in Western states as it had been observed by Mr. Cortleyou through interviews with party leaders whom he met in Chicago and at other points on his trip.

Chairman Cortleyou declined to be interviewed for publication regarding the campaign or any of his recent observations. It was evident, however, that in a general way he is satisfied with the situation as he found it. He expressed pleasure that the national committee, the personnel of which he announced two days ago in Chicago, had met with such general approval.

Mr. Cortleyou will go to New York in a day or so to take up in earnest there the details of the campaign work. Senator Scott of West Virginia will have charge of the speaker's bureau at the Eastern headquarters, as Representative James Tawney has of that of the Chicago headquarters.

DROUTH IN MONTANA.

Heavy Loss of Stock Can Only Be Averted by Rain.

Butte, Mont., Aug. 5.—Advises received from throughout the state the past week depict a serious state of affairs on the big ranges in Eastern and Northern Montana, and unless heavy rain is soon forthcoming considerable loss of stock will ensue. The Northern Montana ranches in many localities resemble deserts, for water holes and springs are dried. So bad have the conditions become that the state humane officers have interfered and compelled stockmen to drive herds into localities far removed where some grass and water remain, though even then the supply is scanty.

The Great Northern Railway company is meeting with difficulty in the operation of its trains throughout Northern Montana as a result of the inability to secure sufficient water to keep its tanks along the road replenished.

TAMMANY HALL FOR PARKER.

Ratifies Nomination of the Democratic Candidates.

New York, Aug. 5.—Tammany Hall ratified the nomination of Parker and Davis last night. The first mention of Parker's name brought forth boisterous cheers from the audience, which about half filled the hall. The name of Davis was also applauded. The resolutions adopted endorse the national platform; pledge support to the national ticket; declare that present depression is due to the president's absolute disregard of constitutional limitations; call the president the "man on horseback;" denounce protection; oppose monopoly; declare for the independence of the Filipinos, and denounce sectionalism.

He was accompanied by Mrs. Bailey and their son, and left Rosemount with expressions of the most cordial admiration for Judge Parker and of hopefulness as to the outcome of the campaign. Governor A. J. Montague of Virginia, National Committeeman H. D. Clayton, Colonel E. L. Russell, with his daughter, and H. Hatcher of Alabama constituted the remainder of the Southern delegation. Other visitors to Judge Parker were Charles R. Crane of Chicago and Alfred Henry Lewis, the well known writer.

Senator Bailey had little to say for publication. He seems to regard the coming campaign as crucial in three states, New York, Indiana and New Jersey.

IOWA MAN FOR PRESIDENT.

American Association of Opticians Elect Officers.

Milwaukee, Aug. 5.—The American Association of Opticians in convention in this city elected officers as follows: President, Harry P. Holmes, Des Moines, Ia.; vice president, H. K. Martin, Minneapolis; second vice president, Alva Snider, Beloit, Wis.; secretary, E. L. Jones, Sandusky, O.; treasurer, J. K. Stebbins, Ashtabula, O. Minneapolis was chosen as the next convention city.

During the convention, an international fraternity of optometrists was formed to cover the United States, Great Britain and Canada.

WILL OCCUR IN NEW YORK.

Notification of Populist Candidates for President and Vice President.

New York, Aug. 5.—The Populist national committee has decided to have the formal notification of their party candidates for president and vice president at Cooper Union, this city, Aug. 18.

Ames Will Run for Congress.

Minneapolis, Aug. 5.—Dr. A. A. Ames, formerly mayor of this city and who has been tried for complicity in the alleged municipal scandal of a few years ago, has filed as a Republican congressional candidate in this district.

Shaw Arranges for Conference.

Chicago, Aug. 5.—Secretary of the Treasury Shaw has arrived here to make arrangements for the entertainment of the guests of the international peace conference which will be held Sept. 6-7, probably in St. Louis or Washington.

NEGOTIATIONS ENDED

PACKERS SAY NO FURTHER CONFERENCES WILL BE HELD WITH STRIKERS.

PROGRESS IS SATISFACTORY

EMPLOYERS HAVE ENOUGH MEN NOW AT WORK TO FILL ALL THEIR CONTRACTS.

Chicago, Aug. 5.—In a statement given out Thursday night by the packers, the report that negotiations are in progress to bring about another conference between the packers and the labor leaders, is declared to be entirely unfounded. The packers assert that there is not the slightest possibility of further conferences with the strike leaders. According to this statement the progress being made at the plants is satisfactory to all the packers; more men are being employed daily; all contracts and current orders are being filled and there is a normal supply of beef, mutton and provisions at all plants in the United States, while sales are being made at lower prices than before the strike commenced. In a table accompanying the statement it is shown that the total number of men now at work at all points is more than 29,000, distributed as follows:

Armour & Co., 9,115; Swift & Co., 8,623; Nelson Morris & Co., 3,648; National Packing Co., 4,105; Libby, McNeil & Libby, 821; Schwarzschild & Sulzberger company, 1,926; Cudahy & Co., 1,431. With this number of men at work the packers claim to have shipped a total of 831 carloads of fresh meats from all points Wednesday.

Beyond seeing that the order prohibiting the deliveries of ice to retailers, who have been hauling their meat from the stockyards themselves since the teamsters struck, the strikers Thursday did very little. Up to date the ice supply of 100 of these markets has been cut off.

CORTLEYOU IN WASHINGTON.

Republican Chairman Confers With President Roosevelt.

Washington, Aug. 5.—Republican National Chairman Cortleyou arrived here Thursday from the West, where he has been for a week. He came direct from Canton, O., where he stopped over for a brief time to visit Mrs. McKinley. Soon after his arrival he called on President Roosevelt and had an hour's conference with him. The conference related largely to details of the opening of the campaign headquarters in Chicago and the political situation in Western states as it had been observed by Mr. Cortleyou through interviews with party leaders whom he met in Chicago and at other points on his trip.

Chairman Cortleyou declined to be interviewed for publication regarding the campaign or any of his recent observations. It was evident, however, that in a general way he is satisfied with the situation as he found it. He expressed pleasure that the national committee, the personnel of which he announced two days ago in Chicago, had met with such general approval.

Mr. Cortleyou will go to New York in a day or so to take up in earnest there the details of the campaign work. Senator Scott of West Virginia will have charge of the speaker's bureau at the Eastern headquarters, as Representative James Tawney has of that of the Chicago headquarters.

DROUTH IN MONTANA.

Heavy Loss of Stock Can Only Be Averted by Rain.

Butte, Mont., Aug. 5.—Advises received from throughout the state the past week depict a serious state of affairs on the big ranges in Eastern and Northern Montana, and unless heavy rain is soon forthcoming considerable loss of stock will ensue. The Northern Montana ranches in many localities resemble deserts, for water holes and springs are dried. So bad have the conditions become that the state humane officers have interfered and compelled stockmen to drive herds into localities far removed where some grass and water remain, though even then the supply is scanty.

The Great Northern Railway company is meeting with difficulty in the operation of its trains throughout Northern Montana as a result of the inability to secure sufficient water to keep its tanks along the road replenished.

TAMMANY HALL FOR PARKER.

Ratifies Nomination of the Democratic Candidates.

New York, Aug. 5.—Tammany Hall ratified the nomination of Parker and Davis last night. The first mention of Parker's name brought forth boisterous cheers from the audience, which about half filled the hall. The name of Davis was also applauded. The resolutions adopted indorse the national platform; pledge support to the national ticket; declare that present depression is due to the president's absolute disregard of constitutional limitations; call the president the "man on horseback"; denounce protection; oppose monopoly; declare for the independence of the Philippines, and denounce sectionalism.

MANY of the old faces will be seen in the legislative halls of Minnesota at the coming session. A. L. Cole, of Cass county, and H. G. Grass, of Slayton, are among those who have this week filed for congress in the Minneapolis district, having filed his certificate. This last act of the noted Minneapolis gentleman has caused nearly as much of a flutter in certain circles of his home town as did his arrest at the time the municipal frauds were exposed when he was mayor. His trial is set for September and the primary election is the 20th of the same month. He will be lucky if he wins both heats.

CONFIDENT OF SUCCESS.

Congressman C. B. Buckman came down from Little Falls on the afternoon train and will spend a short time meeting St. Cloud friends. He expressed himself as confident that he would be renominated and re-elected. Buckman has been working hard for his district, and has been especially successful in establishing rural free delivery routes in the dozen counties in this district, which are greatly appreciated by the farmers. He has also taken an active interest for the old soldiers and has secured pensions and an increase for many worthy veterans of the war. He has the advantage of a wide acquaintance through the district, and has a host of personal friends who will take off their coats for him, and he will devote his time from now on to his campaign. While the primary fight was close two years ago, he has the prestige of success and a record for doing things, and thinks this will ensure his nomination by a satisfactory majority.—St. Cloud Journal-Press.

The Other Side.

"EDITOR DISPATCH:—In your paper of yesterday there appeared an article headed, 'Regarding Wiring of Walverman Block.' I wish to make this statement in regard to this matter. Mr. C. B. White did come to me and asked me how much it would cost to wire the building. I, of course, had to know what was wanted before I could make an estimate so I asked Mr. White how many lights and what kind he wanted. Mr. White then told me that it would take sixty-two outlets, or that many 16-candle power lamps for the whole building. Now this was very easy. I figured it would not take over 40 amperes, the actual figures being 32 amperes. This would require No. 14 B. & S. gauge wire, two circuits to a store, and No. 6 B. & S. gauge wire to feed them from the outside.

"Now when I came over to wire this building Mr. White asked me what it would cost to put two arc lights in each store. Then he drew a plan of how he wanted the wiring done, and besides the two arc lights he wanted the building wired for five in each store in case they would be used. Not only this but the plans showed besides the arc lamps 155 places for 16-candle power lamps, making the wires carry 165 amperes instead of 32 as was first stated. When I found this out I could not use the wire I first figured on.

"I consequently had to order a wire of another size, and of course the bigger the wire the more is the weight and cost. I did not go to Mr. White and explain this because I thought he would understand that much himself.

"In regard to the wood screws, one gross of 2 in. No. 8 cost 22 cents per gross. I know this but Mr. White has always charged the city 35 cents which is the retail price. Also if Mr. White will please look once more at the bill I sent to City Clerk Low he will find 5 gross 2 in. No. 8 and 1 gross 2 1/2 in. No. 12 screws. The 5 gross of No. 8 screws at 35 cents is \$1.75.

"I think I am in a position to know just as much about electric light material and the cost as Mr. White or anybody else in Brainerd. Furthermore I have bid on larger buildings than the Walverman block and wired them too. It would be a nice thing for the city to purchase screws at 35 cents per gross and sell them for 22 cents per gross. The city has purchased screws in this city for three and one-half years at retail prices. Mr. I. U. White is not able, I believe, to show that he can wire this building for the price he stated at the last meeting of the city council. Those figures he received were from outside parties. I am glad this matter was left with a committee to straighten out.

Respectfully yours,
JOHN PETERSON."

In your paper of yesterday there appeared an article headed, 'Regarding Wiring of Walverman Block.' I wish to make this statement in regard to this matter. Mr. C. B. White did come to me and asked me how much it would cost to wire the building. I, of course, had to know what was wanted before I could make an estimate so I asked Mr. White how many lights and what kind he wanted. Mr. White then told me that it would take sixty-two outlets, or that many 16-candle power lamps for the whole building. Now this was very easy. I figured it would not take over 40 amperes, the actual figures being 32 amperes. This would require No. 14 B. & S. gauge wire, two circuits to a store, and No. 6 B. & S. gauge wire to feed them from the outside.

"Now when I came over to wire this building Mr. White asked me what it would cost to put two arc lights in each store. Then he drew a plan of how he wanted the wiring done, and besides the two arc lights he wanted the building wired for five in each store in case they would be used. Not only this but the plans showed besides the arc lamps 155 places for 16-candle power lamps, making the wires carry 165 amperes instead of 32 as was first stated. When I found this out I could not use the wire I first figured on.

"I consequently had to order a wire of another size, and of course the bigger the wire the more is the weight and cost. I did not go to Mr. White and explain this because I thought he would understand that much himself.

"In regard to the wood screws, one gross of 2 in. No. 8 cost 22 cents per gross. I know this but Mr. White has always charged the city 35 cents which is the retail price. Also if Mr. White will please look once more at the bill I sent to City Clerk Low he will find 5 gross 2 in. No. 8 and 1 gross 2½ in. No. 12 screws. The 5 gross of No. 8 screws at 35 cents is \$1.75.

"I think I am in a position to know just as much about electric light material and the cost as Mr. White or anybody else in Brainerd. Furthermore I have bid on larger buildings than the Walverman block and wired them too. It would be a nice thing for the city to purchase screws at 35 cents per gross and sell them for 22 cents per gross. The city has purchased screws in this city for three and one-half years at retail prices. Mr. I. U. White is not able, I believe, to show that he can wire this building for the price he stated at the last meeting of the city council. Those figures he received were from outside parties. I am glad this matter was left with a committee to straighten out.

Respectfully yours,
JOHN PETERSON."

Brainerd Lodge of Elks will Celebrate Anniversary of Organization Appropriately

ELK TEAM WILL PLAY THAT DAY

Although it Has Not Been Decided with What Team They Will Contest for Honors.

There was a meeting of Brainerd Lodge, B. P. O. E., last night in Elk hall at the conclusion of which there was some discussion as to the proper celebration of the anniversary of the organization of the order, which is August 23. It has been customary in years past to provide some special amusement for the day and in the evening to arrange some interesting feature.

This year it is planned to have a ball game, the Elk team to play with one of the outside Elk teams. It is understood that the team from No. 44, Minneapolis, wants to play Brainerd here that day. Overtures have also been received from St. Cloud, and the Little Falls team wants to combat for honors.

Then it has been suggested that a program of interesting features be arranged for the evening. The committee on entertainment will get together in a few days and will have something interesting to announce.

Nice homes for rent. Nettleton, 1f

BASE BALL NUBS

The game of base ball in this city on Sunday between Brainerd and Aitkin should be a good one. The Aitkin team is very strong now that they have strengthened up with some players from Duluth. Boyle will be in the box for the locals. The local team is doing some hard practicing for the game. Game called at 4 o'clock.

The Boilermakers and Machinists ball teams will play a game tomorrow afternoon at Athletic park for the benefit of the Santa Fe strikers. The game ought to be a good one as there are some really good players in the list. The following is the lineup of the two teams:

Manderson.....M. Sundberg, Oliver Murphy, Ed.....r.....Murphy, Jack Halladay, Harry.....2b.....Dressen, Ed. McCarthy, Wm.....3b.....Hastings Art Rodrick.....c.....Templeton, T. Halladay, Frank.....cf.....Murphy, Sundberg.....ss.....Spencer, M. Delemere.....1b.....Boyle, Jack Mattson.....p.....McCleary.

MUSIC AND DRAMA.

SEAT SALE OPENS TOMORROW.

The sale of seats for the performance "On the Bridge at Midnight," will open tomorrow morning at H. P. Dunn & Co.'s drug store. There is a sort of lingering curiosity among theatre goers of Brainerd to see this production, for it has already been learned that it is one of the best, scenically, that has ever been seen in this city.

Romance, humor and pathos, interwoven in an absorbingly interesting play, is the make up of this bright, breezy, interesting comedy drama on which George Klimt spent \$10,000 and six months hard work, assisted by a score of workmen, to complete its scenic equipment alone. That it is unequalled in this equipment, is conceded by all. This aggregation of actors is good and is an evenly balanced company of players. The parts of Germany and Reddy are in the hands of Mr. Frank Weed and Miss Katherine Crezo respectively, and since the opening of this show they have made many friends by their clever interpretation of their respective parts. The feature act, which is the famous bridge scene, is one of the most complete bits of work ever attempted.

"A TEXAS STEER."

"A Texas Steer" will be the attraction at the Brainerd opera house soon and the coming of this old success will be heralded with much joy by theatre goers. The fact that since the Brainerd opera house was opened "A Texas Steer" did as large if not a larger business than any other attraction, speaks for its popularity. One of the original things Mr. Hoyt said is "that nothing succeeds like success," but it so aptly applies to "A Texas Steer" that the quotation can be easily forgiven. This is quite certain—No comedy of its class has better or more worthy claims to its great popularity than "A Texas Steer." These claims, like its success, are well founded. This, too, can be said while comparing "A Texas Steer" with Hoyt's other successes.

John Hollem and Wife Settle Their Troubles and Leave for Their Home

NO HABEAS CORPUS PROCEEDING

As it was Dismissed on Motion of the Plaintiff's Attorney This Morning

Surely this is a strange old world, full of trials and tribulations and at times the joyous note of peace, good will and prosperity seems to be drowned out by the din of strife and the clashing of the armor in social and domestic affairs, and there are, at times, some odd and strange maneuvers, which cannot be explained.

But a day or two ago there was a bitter strife on in the household of one John Hollem, of Chisholm. The wife left her home taking with her their young boy five years old; she was pursued by an aggressive and infuriated husband and was found at the home of her father at Daggett brook where the boy was kidnapped and where it was claimed that matters advanced to that state that the husband drew a gun and was about to do something furious with his shooting stick. Hubby flew with the youngster for Sylvan where he boarded a train and was making a hasty retreat when arrested at Staples. He was brought back to Brainerd, locked up in jail, a complaint was filed against him with his wife as the complaining witness and they all appeared in the municipal court to air their troubles and the breach was so wide that it did not seem as though it was possible to secure a balm for the wound. The husband was discharged on the hearing as it was not shown that he had done anything that would constitute the charge of assault.

That was not all. A writ of habeas corpus was secured and there was to have been a hearing this afternoon to determine the custody of the child.

But like two cooing doves the twain got together again and love found a way. They shed a few tears, each made a hasty confession that he or she was wrong, they fell to arms, kissed each other and were ready to go back to the court and tell the same old story; they were willing to make another try of it. Of course the court was not particularly interested. The habeas corpus proceedings were dismissed and Mr. and Mrs. Hollem left for Chisholm, their home, promising not again to molest the peace and dignity of Brainerd and Crow Wing county.

An Outrage.

Mr. Editor:—
"Will some one answer this question? Is civilization advancing or going back? Who is to blame the boy or the parent? What causes me to ask this question is this: My wife was obliged to leave her home for the afternoon not long ago and during her absence some boys went into our garden and destroyed a great part of it, pulling up vegetables and throwing them around, breaking down my tomato vines and pulling up green fruit, none of which was fit to eat. Not satisfied with this they opened the doors of our chicken coop, letting the chickens run out and into the garden, took the feed from the box and scattered it about the place.

"Now, I might seek satisfaction with the aid of the law, which might result in sending some of the boys to the reform school, which, I am sorry to say, would be much better for the boys. But even in doing this the proper persons would not be punished, and as far as I am concerned it is not satisfaction I am after. But my heart bleeds for the boys who are started out in life in this manner, and I plead for them this much: Give them an even chance with a bull pup, for there is not a man in town that owns a bull pup, but that he knows something of its whereabouts. And mothers have some concern about your children, at least as much as a she bear. For a she bear knows where her cubs are every moment of the day and will defend them with the last drop of her blood. Give them all an even chance with a bull pup and people will then be able to leave their homes for the afternoon, without having their property destroyed. I would sooner suffer the loss of my garden than stand in your shoes at the judgment.

WALTER J. SMITH."

JAPS INDIGNANT AT RUSSIANS.

Claim Slav Government is Violating The Hague Rules.

London, Aug. 5.—The correspondent of the Times at Tokyo says that much indignation is felt there because of Russia's persistent neglect to comply with the rules of The Hague convention in supplying information regarding prisoners. Despite frequent inquiries about the prisoners taken in the third attempt to seal Port Arthur, the Russians, the correspondent says, maintain complete silence, which cannot be due to the lack of means of communication, because the Russian government has just requested Japan to recognize two additional Japanese ships at Port Arthur.

E., last night in Elk hall at the conclusion of which there was some discussion as to the proper celebration of the anniversary of the organization of the order, which is August 23. It has been customary in years past to provide some special amusement for the day and in the evening to arrange some interesting feature.

This year it is planned to have a ball game, the Elk team to play with one of the outside Elk teams. It is understood that the team from No. 44, Minneapolis, wants to play Brainerd here that day. Overtures have also been received from St. Cloud, and the Little Falls team wants to combat for honors.

Then it has been suggested that a program of interesting features be arranged for the evening. The committee on entertainment will get together in a few days and will have something interesting to announce.

BASE BALL NUBS

The game of base ball in this city on Sunday between Brainerd and Aitkin should be a good one. The Aitkin team is very strong now that they have strengthened up with some players from Duluth. Boyle will be in the box for the locals. The local team is doing some hard practicing for the game. Game called at 4 o'clock.

The Boilermakers and Machinists ball teams will play a game tomorrow afternoon at Athletic park for the benefit of the Santa Fe strikers. The game ought to be a good one as there are some really good players in the list. The following is the lineup of the two teams:
Manderson.....F. Sundberg, Oliver

John Hollem and Wife Settle Their Troubles and Leave for Their Home

NO HABEAS CORPUS PROCEEDING

As it was Dismissed on Motion of the Plaintiff's Attorney This Morning

Surely this is a strange old world, full of trials and tribulations and at times the joyous note of peace, good will and prosperity seems to be drowned out by the din of strife and the clashing of the armor in social and domestic affairs, and there are, at times, some odd and strange maneuvers, which cannot be explained.

But a day or two ago there was a bitter strife on in the household of one John Hollem, of Chisholm. The wife left her home taking with her their young boy five years old; she was pursued by an aggrieved and infuriated husband and was found at the home of her father at Daggett brook where the boy was kidnapped and where it was claimed that matters advanced to that state that the husband drew a gun and was about to do something furious with his shooting stick. Hubby flew with the youngster for Sylvan where he boarded a train and was making a hasty retreat when arrested at Staples. He was brought back to Brainerd, locked up in jail, a complaint was filed against him with his wife as the complaining witness and they all appeared in the municipal court to air their troubles and the breach was so wide that it did not seem as though it was possible to secure a balm for the wound. The husband was discharged on the hearing as it was not shown that he had done anything that would constitute the charge of assault.

That was not all. A writ of habeas corpus was secured and there was to have been a hearing this afternoon to determine the custody of the child.

But like two cooing doves the twain got together again and love found a way. They shed a few tears, each made a hasty confession that he or she was wrong, they fell to arms, kissed each other and were ready to go back to the court and tell the same old story; they were willing to make another try of it. Of course the court was not particularly interested. The habeas corpus proceedings were dismissed and Mr. and Mrs. Hollem left for Chisholm, their home, promising not again to molest the peace and dignity of Brainerd and Crow Wing county.

An Outrage.

Mr. Editor:—

"Will some one answer this question? 'Is civilization advancing or going back?' Who is to blame the boy or the parent? What causes me to ask this question is this: My wife was obliged to leave her home for the afternoon not long ago and during her absence some boys went into our garden and destroyed a great part of it, pulling up vegetables and throwing them around, breaking down my tomato vines and pulling up green fruit, none of which was fit to eat. Not satisfied with this they opened the doors of our chicken coop, letting the chickens run out and into the garden, took the feed from the box and scattered it about the place.

"Now, I might seek satisfaction with the aid of the law, which might result in sending some of the boys to the reform school, which, I am sorry to say, would be much better for the boys. But even in doing this the proper persons would not be punished, and as far as I am concerned it is not satisfaction I am after. But my heart bleeds for the boys who are started out in life in this manner, and I plead for them this much: Give them an even chance with a bull pup, for there is not a man in town that owns a bull pup, but that he knows something of its whereabouts. And mothers have some concern about your children, at least as much as a she bear. For a she bear knows where her cubs are every moment of the day and will defend them with the last drop of her blood. Give them all an even chance with a bull pup and people will then be able to leave their homes for the afternoon, without having their property destroyed. I would sooner suffer the loss of my garden than stand in your shoes at the judgment.

JAPS INDIGNANT AT RUSSIANS.

Claim Slav Government Is Violating The Hague Rules.

London, Aug. 5.—The correspondent of the Times at Tokio says that much indignation is felt there because of Russia's persistent neglect to comply with the rules of The Hague convention in supplying information regarding prisoners. Despite frequent inquiries about the prisoners taken in the third attempt to seal Port Arthur, the Russians, the correspondent says, maintain complete silence, which cannot be due to the lack of means of communication, because the Russian government has just requested Japan to recognize two additional hospital ships at Port Arthur.

A NEW PRINCIPLE IN MEDICAL SCIENCE.

For years it has been the practice of medical men to treat patients suffering from piles by local, external applications. These treatments give but temporary relief, but have never affected a positive cure.

After months of research and study, accompanied by actual experience with various patients, Dr. C. A. Perrin arrived at a positive conclusion as to the exact action of the various parts of the bowel system, under different conditions, and when subjected to various prescriptions.

He finally prepared that wonderful internal remedy known as DR. PERRIN'S PILE SPECIFIC, which is put up in bottles, retailing at all reliable drug stores for \$1.00 each. This internal remedy has been on the market for the past ten years, and in all of that time there has been but three cases where a positive cure has not been effected.

Dr. Perrin's Pile Specific is sold under a positive guarantee by the druggist making the sale, to refund the full purchase price, providing the remedy fails to cure. This is the absolute proof of its merit. Any man or woman who suffers from blind, bleeding, itching or internal piles can try this internal remedy with the absolute certainty that it will cost nothing unless it cures. Here is what one sufferer says of this wonderful remedy:

Dr. C. A. Perrin, Helena, Mont.—I wish to thank you for the cure your wonderful medicine has done for me. I had the piles some five years, and under the advice of a doctor had them removed by the knife and felt free for awhile, but they returned and I at once got a bottle of your Perrin's Pile Specific and one bottle has entirely cured me, and I am as good as I ever was.

October 16, 1902. JACK SULLIVAN, Chicago.

Better get a bottle of your druggist today and get relief from present and future suffering.

SEVEN PEOPLE PERISH

SMALL BOAT CAPSIZES AND ALL BUT ONE OF THE OCCUPANTS ARE DROWNED.

YACHT STRANDED ON A BAR

THOSE ON BOARD OVERLOAD THE TENDER IN ANXIETY TO GET ASHORE.

Halifax, N. S., Aug. 5.—In trying to reach the shore in a small tender from a stranded yacht last evening seven of the eight persons in the boat were drowned through the capsizing of the little craft. Mr. Vedito of Bear River was the only one saved. The dead as far as can be learned are: George Leach, forty-six, Nasonville, R. I.; Captain Charles Hersey, Digby; Mrs. Vedito, thirty, Digby; Mrs. O'Reilly, forty, supposed to be a New York woman; her son, aged fifteen, and also a daughter. The name of the other victim cannot be ascertained.

The accident occurred in the Annapolis basin near Bear Island. Nearly all the drowned persons were members of a little American camping party that had spent the day fishing in the basin from Commodore Irving's yacht Ouida, of the Digby yacht squadron. In returning the yacht grounded on Bear Island bar and it is believed that the campers, anxious to get ashore, persuaded Captain Hersey to take them all in his little ten-foot tender.

The driver of a buckboard that was waiting for the party at the landing, noticed that the little craft had overturned, and gave the alarm. The nearest rowboat was half a mile away. When it reached the scene, only Mr. Vedito showed signs of life. He was taken ashore and sent home.

RUSSIANS ARE IMPROVING.

Rifle Fire Is Better and Trenches Are Concealed.

London, Aug. 5.—A correspondent of the Times with General Kuroki's army, in a dispatch dated Aug. 2, says that the fighting of last Sunday (presumably at Simonschen) demonstrated that an improvement had been obtained in the Russian methods of rifle fire and in the concealment of trenches. There was, however, the correspondent says, no effort made to screen the artillery, which held a conspicuous advantage over the Japanese guns, both in range and weight, but which advantage the Russians failed to employ in direct fire. The Russian infantry in triple trenches defended their right tenaciously, making a Japanese advance impossible and causing 400 casualties.

The correspondent adds that the Russian losses in this portion of the engagement were small.

RISK THEIR LIVES FOR WATER.

Thirsty Japs Face Russian Fire to Get a Drink.

London, Aug. 5.—The war news in the London newspapers this morning is again restricted to official dispatches. A few very brief dispatches from General Kuroki's headquarters in the field are printed, but they give no additional information to that already known.

The Daily Mail's correspondent with General Kuroki describes the suffering of the men from the heat. He says that one regiment, maddened by thirst, rushed into a river under the full Russian fire and drank at the peril of their lives.

KILLS HUSBAND AND WIFE.

Chicago Man Takes Terrible Revenge for Trivial Offense.

Chicago, Aug. 5.—In revenge for having been prosecuted on the charge of breaking a window, Ignatz Kita, a laborer, shot and killed John Solarik and wife in their saloon at Fifty-seventh street last night. Without a word of warning Kita entered the saloon where Solarik and his wife were waiting on patrons, and approaching Solarik first, shot him through the heart. Realizing her danger, Mrs. Solarik turned to run from the room, screaming with fright. Before she could reach the door Kita fired a second shot and the woman fell dead. When pursued by policemen Kita tried to kill himself, but only succeeded in making a wound through his right hand. After a chase of several blocks he was captured and locked up.

SENATOR HOAR QUOTE ILL.

Massachusetts Man Suffering With Lumbago and Malaria.

Worcester, Mass., Aug. 5.—Senator Hoar is ill of an attack of the lumbago, complicated by what is called Washington malaria. He was troubled by lumbago for the last four weeks of the last session of congress, and kept his bed nearly the whole of that time. At the end of the session he was pronounced cured by his physician, but ordered to abstain from any public speaking or any considerable mental labor for some months to come. On his return to Massachusetts he violated the physician's injunction so far as to deliver three addresses. The attack has been quite severe and has kept him in bed for several weeks. His physicians say he is steadily improving, but that the process of cure will be rather slow.

HUSBAND AND WIFE KILLED.

Struck by One Train While Trying to Avoid Another.

Omaha, Aug. 5.—Mr. and Mrs. Michael Pelan, suburban residents, were killed on the double tracks of the Union Pacific between Albright and South Omaha Thursday. They stepped from one track to avoid an incoming train and were struck by an outgoing passenger on the east side. Both were instantly killed.

VICTIM OF OLD BUNKO GAME.

Wealthy Chicagoan Swindled Out of Three Thousand Dollars.

Milwaukee, Aug. 5.—A Sentinel special from Waukesha, Wis., says: Jeremiah Casady, a wealthy Chicagoan spending the summer in Waukesha, discovered Thursday that he had been made the victim of a bold bunko game of a familiar type, by which he was relieved of \$3,000 of his money in addition to being short a similar amount he had just won at a card game, and which had not been in his possession more than a few minutes.

The swindle was effected through the familiar tin box method. The box was supposed to contain the money, but upon being opened only stones and dirt were discovered. No arrests have been made.

Richmond, Va., Aug. 5.—Andrew Dudley, a negro boy about fourteen years of age, who attempted criminal assault upon two little white girls near Greenfield Wednesday, was taken from a constable while en route for jail in a train by a mob near Afton Thursday and led to the woods, where it is presumed he was lynched.

Funeral of Robert E. Pattison.

Philadelphia, Aug. 5.—The funeral of former Governor Robert E. Pattison took place Thursday from his late home in Overbrook, a suburb. Governor Pennypacker, former Governor Stone and nearly every Democratic politician in Pennsylvania, attended the funeral. Among the numerous floral offerings was a beautiful tribute from W. J. Bryan.

Physician Robbed of His Roll.

Kansas City, Mo., Aug. 5.—Dr. William Frye, a physician, reported to the police Thursday that burglars had entered his home and stolen \$6,500. They turned on the gas in an effort to asphyxiate the family. Dr. Frye carried his money about with him, not trusting the banks.

A NEW PRINCIPLE IN MEDICAL SCIENCE.

For years it has been the practice of medical men to treat patients suffering from piles by local, external applications. These treatments give but temporary relief, but have never effected a positive cure.

After months of research and study, accompanied by actual experience with various patients, Dr. C. A. Perrin arrived at a positive conclusion as to the exact action of the various parts of the bowel system, under different conditions, and when subjected to various prescriptions.

He finally prepared that wonderful internal remedy known as **DR. PERRIN'S FILE SPECIFIC**, which is put up in bottles, retailing at all reliable drug stores for \$1.00 each. This internal remedy has been on the market for the past ten years, and in all of that time there has been but three cases where a positive cure has not been effected.

Dr. Perrin's File Specific is sold under a positive guarantee by the druggist making the sale, to refund the full purchase price, providing the remedy fails to cure. This is the absolute proof of its merit. Any man or woman who suffers from blind, bleeding, itching or internal piles can try this internal remedy with the absolute certainty that it will cost nothing unless it cures. Here is what one sufferer says of this wonderful remedy:

Dr. C. A. Perrin, Helena, Mont.—I wish to thank you for the cure your wonderful medicine has done for me. I had the piles some five years, and under the advice of a doctor had them removed by the knife and felt free for awhile, but they returned and I at once got a bottle of your Perrin's File Specific and one bottle has entirely cured me, and I am as good as I ever was.

Yours truly,
JACK SULLIVAN, Chicago.

Better get a bottle of your druggist today and get relief from present and future suffering.

SEVEN PEOPLE PERISH
SMALL BOAT CAPSIZES AND ALL
BUT ONE OF THE OCCUPANTS
ARE DROWNED.

YACHT STRANDED ON A BAR
THOSE ON BOARD OVERLOAD
THE TENDER IN ANXIETY
TO GET ASHORE.

Halifax, N. S., Aug. 5.—In trying to reach the shore in a small tender from a stranded yacht last evening seven of the eight persons in the boat were drowned through the capsizing of the little craft. Mr. Vedito of Bear River was the only one saved. The dead as far as can be learned are: George Leach, forty-six, Nasonville, R. I.; Captain Charles Hersey, Digby; Mrs. Vedito, thirty, Digby; Mrs. O'Reilly, forty, supposed to be a New York woman; her son, aged fifteen, and also a daughter. The name of the other victim cannot be ascertained.

The accident occurred in the Annapolis basin near Bear Island. Nearly all the drowned persons were members of a little American camping party that had spent the day fishing in the basin from Commodore Irving's yacht Quilda, of the Digby yacht squadron. In returning the yacht grounded on Bear Island bar and it is believed that the campers, anxious to get ashore, persuaded Captain Hersey to take them all in his little ten-foot tender.

The driver of a buckboard that was waiting for the party at the landing, noticed that the little craft had overturned, and gave the alarm. The nearest rowboat was half a mile away. When it reached the scene, only Mr. Vedito showed signs of life. He was taken ashore and sent home.

RUSSIANS ARE IMPROVING.
Rifle Fire Is Better and Trenches Are Concealed.

London, Aug. 5.—A correspondent of the Times with General Kuroki's army, in a dispatch dated Aug. 2, says that the fighting of last Sunday (presumably at Simoucheng) demonstrated that an improvement had been obtained in the Russian methods of rifle fire and in the concealment of trenches. There was, however, the correspondent says, no effort made to screen the artillery, which held a conspicuous advantage over the Japanese guns, both in range and weight, but which advantage the Russians failed to employ in direct fire. The Russian infantry in triple trenches defended their right tenaciously, making a Japanese advance impossible and causing 400 casualties.

The correspondent adds that the Russian losses in this portion of the engagement were small.

RISK THEIR LIVES FOR WATER.
Thirsty Japs Face Russian Fire to Get a Drink.

London, Aug. 5.—The war news in the London newspapers this morning is again restricted to official dispatches. A few very brief dispatches from General Kuroki's headquarters in the field are printed, but they give no additional information to that already known.

The Daily Mail's correspondent with General Kuroki describes the suffering of the men from the heat. He says that one regiment, maddened by thirst, rushed into a river under the full Russian fire and drank at the peril of their lives.

KILLS HUSBAND AND WIFE.
Chicago Man Takes Terrible Revenge for Trivial Offense.

Chicago, Aug. 5.—In revenge for having been prosecuted on the charge of breaking a window, Ignatz Kita, a laborer, shot and killed John Solarik and wife in their saloon at Fifty-seventh street last night. Without a word of warning Kita entered the saloon where Solarik and his wife were waiting on patrons, and approaching Solarik first, shot him through the heart. Realizing her danger, Mrs. Solarik turned to run from the room, screaming with fright. Before she could reach the door Kita fired a second shot and the woman fell dead. When pursued by policemen Kita tried to kill himself, but only succeeded in making a wound through his right hand. After a chase of several blocks he was captured and locked up.

SENATOR HOAR QUITE ILL.
Massachusetts Man Suffering With Lung and Malaria.

Worcester, Mass., Aug. 5.—Senator Hoar is ill of an attack of the lung, complicated by what is called Washington malaria. He was troubled by lung for the last four weeks of the last session of congress, and kept his bed nearly the whole of that time. At the end of the session he was pronounced cured by his physician, but ordered to abstain from any public speaking or any considerable mental labor for some months to come. On his return to Massachusetts he violated the physician's injunction so far as to deliver three addresses. The attack has been quite severe and has kept him in bed for several weeks. His physicians say he is steadily improving, but that the process of cure will be rather slow.

HUSBAND AND WIFE KILLED.
Struck by One Train While Trying to Avoid Another.

Omaha, Aug. 5.—Mr. and Mrs. Michael Pelan, suburban residents, were killed on the double tracks of the Union Pacific between Albright and South Omaha Thursday. They stepped from one track to avoid an incoming train and were struck by an outgoing passenger on the east side. Both were instantly killed.

VICTIM OF OLD BUNCO GAME.
Wealthy Chicagoan Swindled Out of Three Thousand Dollars.

Milwaukee, Aug. 5.—A Sentinel special from Waukesha, Wis., says: Jeremiah Casady, a wealthy Chicagoan spending the summer in Waukesha, discovered Thursday that he had been made the victim of a bold bunco game of a familiar type by which he was relieved of \$3,000 of his money in addition to being short a similar amount he had just won at a card game, and which had not been in his possession more than a few minutes.

The swindle was effected through the familiar tin box method. The box was supposed to contain the money, but upon being opened only stones and dirt were discovered. No arrests have been made.

PENDING FINAL SETTLEMENT.
Minister Barrett Submits a Memorandum on Port of Ancon.

Panama, Aug. 5.—Mr. Barrett, the American minister, Thursday submitted a memorandum to the Panama government regarding a modus vivendi pending the final settlement by diplomatic means of the disputed jurisdiction over Ancon, which has been created a port by the authorities of the canal zone.

IN THE HANDS OF A MOB.
Young Negro Taken Into the Woods and Probably Lynched.

Richmond, Va., Aug. 5.—Andrew Dudley, a negro boy about fourteen years of age, who attempted criminal assault upon two little white girls near Greenfield Wednesday, was taken from a constable while en route for jail in a train by a mob near Afton Thursday and led to the woods, where it is presumed he was lynched.

Funeral of Robert E. Pattison.
Philadelphia, Aug. 5.—The funeral of former Governor Robert E. Pattison took place Thursday from his late home in Overbrook, a suburb. Governor Pennypacker, former Governor Stone and nearly every Democratic politician in Pennsylvania, attended the funeral. Among the numerous floral offerings was a beautiful tribute from W. J. Bryan.

Physician Robbed of His Roll.
Kansas City, Mo., Aug. 5.—Dr. William Frye, a physician, reported to the police Thursday that burglars had entered his home and stolen \$6,500. They turned on the gas in an effort to asphyxiate the family. Dr. Frye carried his money about with him, not trusting the banks.
